

Goods
That You
Need Now.

CERTAINLY you ought to have something in the home to counteract the Cramps, Colic, Cholera Morbus, Diarrhoea, Dysentery, and other summer complaints. We have all the leading remedies. You will also need some Talcum Powder to relieve chafing and smarting of the skin. If there are any orders about the house, or if there has been any sickness, you need a good disinfectant. If you have not put away all the winter goods you will need moth balls and other material to keep out moths and insects. Our Poison Fly Paper beats them all. Our Paris Green is strictly pure. Soap, Toilet Water and Perfumes, you have need of. We have a good supply of them and would be pleased to receive your orders.

THE PALACE DRUG STORE,
GRANT HOLDEN.

Better Look Around, Mr.

You'll be up against it if you don't. We were out by your place the other day, and it strikes us that we saw some wagons and a few idle machines standing around the barn yard. Of course you know they are there, and you know that the damage to them will cost more than lumber to build new sheds would cost. Then why not have the sheds?

We'll sell you all the shed lumber you want, and make the price way down to the bottom, too.

A SURGICAL OPERATION is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousands of cases. Here is one of them: I suffered from bleeding and protruding piles for twenty years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me eighteen months ago and I have not had a touch of the piles since.—H. A. Tisdale, Summerton, S. C. For blind, bleeding, itching and protruding piles no remedy equals DeWitt's Witch Hazel Salve. Sold by Grant Holden.

Rev. J. H. Reilly delivered a very able and highly interesting sermon to the Orangemen at West Brookway church on Sunday last. A large congregation of all denominations were present and from the sentiments expressed by many who listened to the reverend gentleman, there can be no question but that the sermon will bring forth good fruit.

Slight injuries often disable a man and cause several days' loss of time and when blood poison develops, sometimes result in the loss of a hand or limb. Chamberlain's Pain Balm is antiseptic liniment. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation, and prevents any danger of blood poison. For sale by Grant Holden.

The Brown City Banner has been sold to Geo. Harris, of Marshall, Mich., who will take possession August 1st. We have not learned where Brother Howe will go but reports say he will either go to Sanilac Centre and start a second paper or try conclusions in the Canadian Northwest. No matter where he goes The Expositor wishes him success.

Marlette was not prepared for the immense crowd of Orangemen that came to that town on Monday to celebrate. It is estimated that in the neighborhood of 10,000 people were there. With all the hotels, eating houses, booths and bakeries many were compelled to go hungry. This celebration is reported to have been one of the most successful and orderly ever held by the society. Everything passed off peacefully and pleasantly and Marlette's citizens did all in their power to make the day enjoyable to the visitors. The decorations were fine, the business men and citizens taking an extra interest in making the town look inviting. Next year the celebration will be held at Saginaw and the following year it is promised to Yale if our citizens will make an effort to secure it.

Cholera Infantum. This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by Grant Holden.

The Designer for August.

Accordian playing and smoking will again aid in beautifying garments for women and children. To know all about either process one should read The Designer for August, which, in addition to illustrating and describing the above, pictures all that is stylish in millinery and fashions for this season of the year. "How and Where Perfumes are Made," by Katherine Louise Smith, "Women Who Make Money," by Landon Knight, and "Floral Stands of Honolulu" are three interesting articles to be found in this issue, which also contains three excellent short stories, "A Sunflower Drill," "Illustrated pages on 'Woman's Fads and Fancies,'" "Fashions and Fabrics," and "Fans and What to Make of Them." Opportunities for money making are supplied in the departments "What Women Are Doing," "Helps Along the Way" and the Puzzle Page, while practical and helpful suggestions are given in "Etiquette Hints," "Toilet Table Chat," "In Motherland," "Floriculture" and "The Kitchen Kingdom."

Love makes a young man sober and an old man giddy.

Many a man thinks himself unlucky when he is merely a fool.

Wise people respect the man; fools respect his good clothes.

There is something lacking in the expression when a girl sings sad, sweet songs about mother to her company in the parlor while the mother is alone in the kitchen washing dishes.
